

TC100 - CORNER WRAP LABELLING

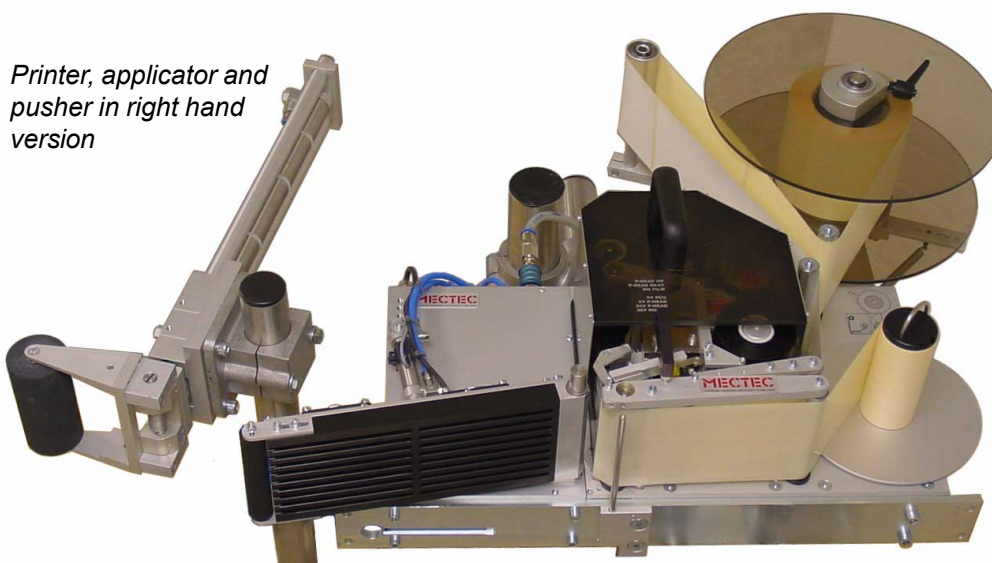

TC100 is a complete solution for corner wrap box labelling. The system can manage high-speed side-back labelling at up to 25 boxes per minute. It's ideal when you need bar-codes and text on two sides of your box!

The TC100 has the reliable, robust and easy to use design - as seen on all the Mectec family machines. It is proven to give you 24 hours reliable labelling for many years to come - even in the most harsh industrial environments!

Box and parcel labelling.
Applies on moving products!
